3D Dumpling Paper Squishy: Classic

COLOR VERSION

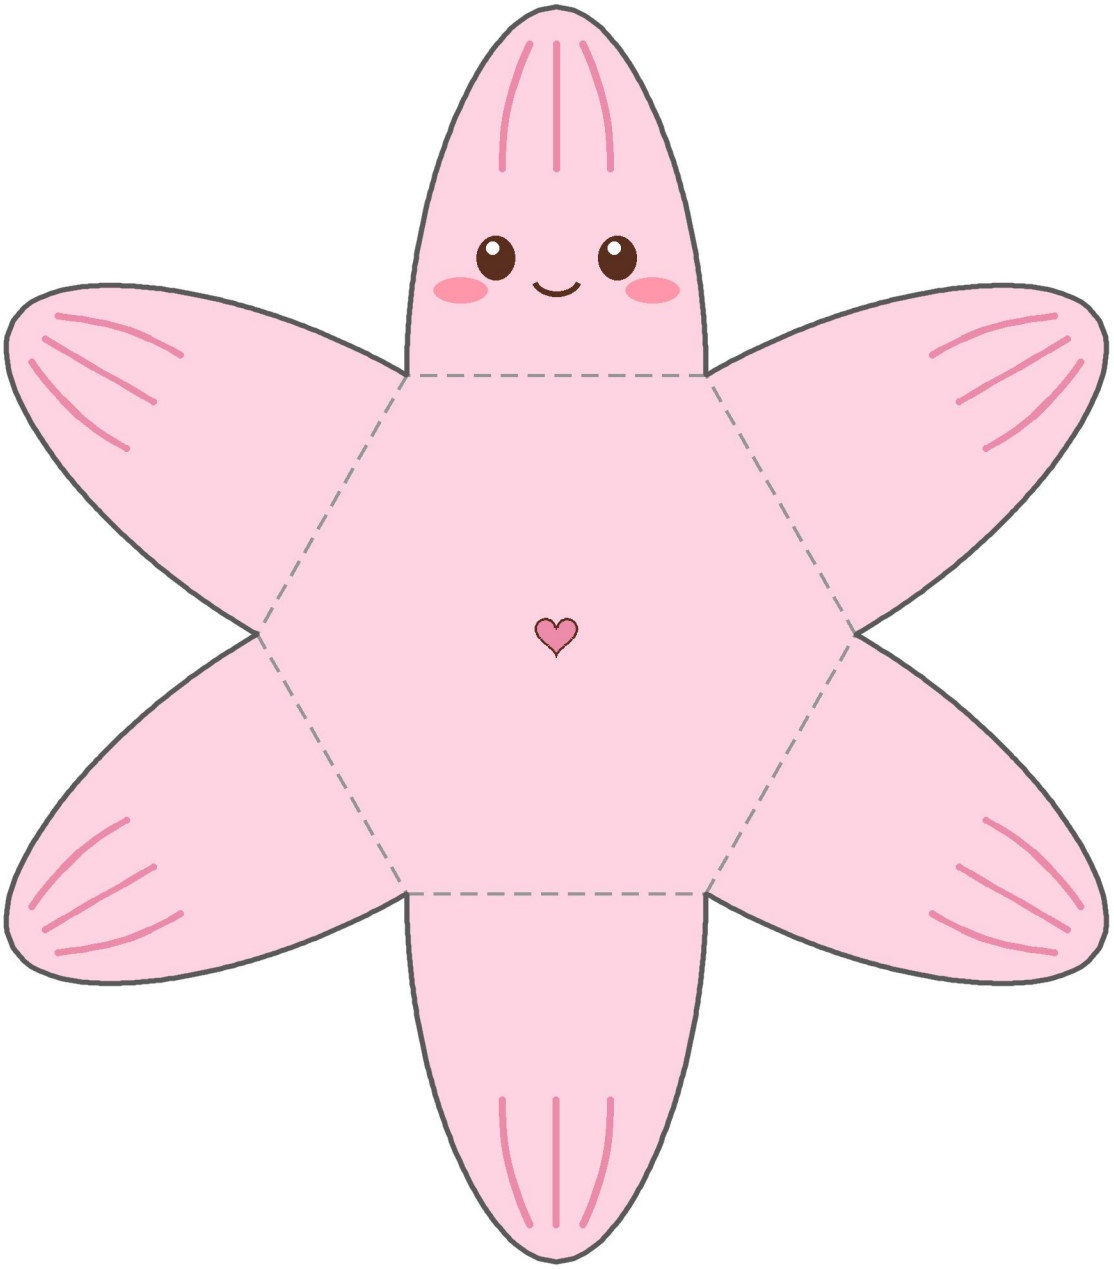

1. Print at 100% / "Actual size" (do not "fit to page").
2. Color it in (or use as is).
3. Cover the printed side with clear packing tape, then cut along the solid outline.
4. Fold all six petals up along the dashed lines, pictures facing out.
5. Bring the petals together and tape their edges to each other from the outside.
6. Before the last seam, stuff it with plastic bags or cotton, then tape it shut.

Ask a grown-up to help with scissors.
